Benefitting ACT - Autism Community Training

The Autism Road

Autism, like cycling, can tax your heart, stamina and determination, but also provide exhilaration, pride and joy.

Thanks to your donations

Thanks to your donations, we have hired an autism specialist to start editing the 10 presentations we have waiting to be added to Autism Videos @ ACT including:

- » *Thriving in Youth with ASD - What Does it Take?*
- » *Positive Behavior Support: What Parents Need to Know!*

Autism in numbers

- » 1 in 61 children in B.C. has an ASD diagnosis
- » Nearly 12,000 children under 19 have ASD in B.C.
- » Average age of diagnosis in B.C. is 6 ½ years

Autism: A Team Sport

Our families demonstrate stamina and determination as they support their children at school and in the community. Autism is a team sport, and family members are essential partners in a child's growth and development, with the support of professionals. Funds raised from the Seymour Triple G will support Autism Videos @ ACT (AVA). ACT's free online videos share practical, research-based information, in sharp contrast to the variable and often commercial results of a Google search.

ACT videos are informative and practical. They help families:

- » Encourage children to be active: *Ready, Set, Coach* video
- » Start the autism journey: *Best Practices in Early Intervention* video
- » Encourage regular sleep habits: *Solving Sleep Problems* video

Browse all 16 free videos available at www.actcommunity.ca/videos

Support for all B.C. families:

Geography, costs and scheduling should not prevent families from accessing training. This project makes trusted information available across B.C. at the convenience of families and community professionals.

Thank You!

Thank you to all our donors, organizers, and volunteers for supporting free online videos for the B.C. autism community

Donors

\$1,000-\$5,000

- » Maria Carinha
- » Associates at Walmart Penticton
- » Bassim - *In Memory of Jury Oja*
