

Build Communication on a Multisensory Foundation

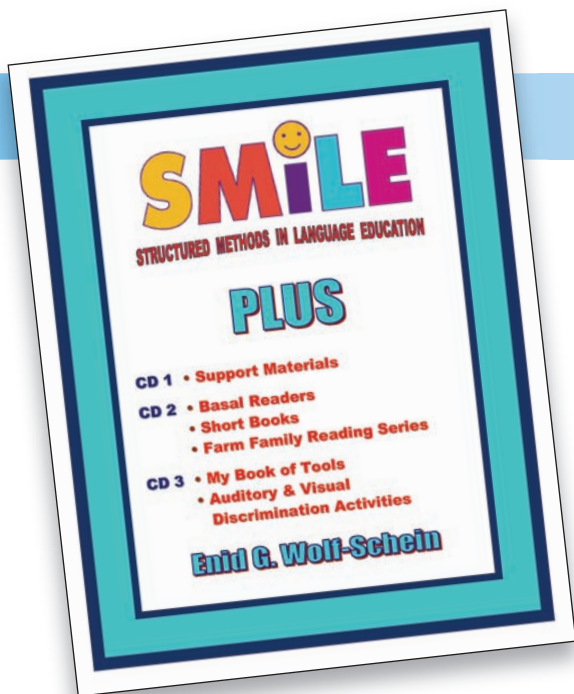

SMILE: Structured Methods in Language Education

Enid G. Wolf-Schein, Ed.D., CCC-SLP

Engage children with this systematic, multisensory communication development program that covers basic attending skills, phonemic awareness, sound-letter knowledge skills and the use of language in a descriptive and conversational manner.

Teaching materials include a manual, teacher guides, a CD of reproducible student workbooks, flashcards and dry-erase board set – all in an easy-to-carry messenger bag.

Item: C9450*
List Price: \$249.95
Member Price: \$212.46

Introducing SMILE Plus!

For those who utilize the SMILE program, meet SMILE Plus. This set of 3 CDs provides a valuable supplement to the original SMILE program that not only includes helpful explanatory and sample worksheets, vocabulary workbooks and tools for assessment, but the documents are completely reproducible, which makes it perfect for teachers and other professionals who already use the original SMILE program.

Item: C9453*
List Price: \$40.00
Member Price: \$34.00

**Group rate available on prepaid orders of 10 or more. Contact the AG Bell Bookstore for a quote.
To purchase SMILE, SMILE Plus and other professional resources, visit the AG Bell Bookstore online at www.agbell.org/bookstore.*
