- It's a day to celebrate inclusion and highlight the many organizations who support people with disabilities in various ways. If we can normalize inclusion around the world, people will no longer be "different" - just differently-abled.
- This is the first time that Canada will be hosting #ThriveWorldwide and together we can make this event historical for both Canada and the City of Richmond.
- This event is **free**; please register at <https://www.eventbrite.ca/e/thriveworldwide-2018-tickets-9486455243>
