

## Parent Coach Training Opportunities

1. For training in the **Early Start Denver Model**, an Introductory workshop is required first: <https://www.esdm.co/introductory-workshops>. This is followed by an Advanced Workshop: <https://www.esdm.co/advanced-workshops>. Finally, this is followed by a Parent Coaching workshop: <https://www.esdm.co/parentcoaching-workshops>. All workshops are currently offered online.
2. **Autism Navigator** offers numerous online course for parents and for professionals: <https://autismnavigator.com/courses/>. The JumpStart to Coaching in Everyday Activities course is focused on parent coaching.
3. **Project ImPACT** parent coach training is available online at <https://www.project-impact.org/>
4. The **Help is in Your Hands** website <https://helpisinyourhands.org/> includes a Provider Resources section. Among the many resources, you will find a series of four free recorded webinars on parent coaching and an online training syllabus.

Note: The mentoring and feedback provided through these online training programs varies widely. Some offer no mentorship at all and none of them are able to offer the frequency or duration of mentorship that was provided in the PACE Coaching project.
